# The Peripheral Turn: Realism and the Politics of World Literature

강연자: 황혜령 교수님

(California State Polytechnic University, Pomona)

일시: 2025년 5월 22일 목요일 오후 5시

장소: 서관 401호

This talk examines the rise of "peripheral neo-realism" as a critical intervention against the dominance of modernist aesthetics in world literature and postcolonial studies. Focusing on the works of J.M. Coetzee and Juan Gabriel Vásquez, it challenges the marginalization of realist narrative forms and foregrounds their ethical capacity to address social violence and historical trauma.
